

The Little Leadership Programme

Small changes. **BIG** impact. Little and Often.

Why Choose This Programme?

One-off workshops are inefficient - learning fades fast, and behaviours don't stick.

The Little Leadership Programme is different:
Small, regular sessions - little and often - that nurture real, lasting leadership skills.

Designed for groups but just as effective for individuals seeking more than standard coaching.

- **Built-in accountability** – each session reflects on what's been applied, what's been learned, and what comes next.
- **Delivered in regular sessions** – shorter for individuals, longer for groups, but always bite-sized and relevant. Weekly or monthly; little and often to embed learning and maintain momentum.
- **Professionally facilitated** – every session is led by experienced trainers, coaches, and facilitators to ensure maximum impact.
- **Flexible delivery** – online or in-person, for 1 to 100+ participants.
- **Learner-led pathway** – choose content upfront or as you go, building a tailored journey that empowers your people.
- **Real-world focus** – sessions link directly to your people's current challenges, not just theory, tools, or frameworks.
- **Collaboration & culture** – bringing teams together to challenge, collaborate, and grow improves not only skills but workplace culture.
- **No tie-ins** – start with a single session to assess, and easily build an ongoing programme without constraints.

Designed and delivered by qualified teachers, coaches, and facilitators with decades of real-world leadership experience, using proven learning principles so what's taught can be applied immediately.

What's Included?

Each programme blends **coaching, mentoring, facilitation, and training** - all delivered in a practical, fun, and engaging way.

Pick & Mix **Your Content**

Small changes. **BIG** impact. Little and Often.

Content to Choose From:

Leading with Purpose	Active Listening
Building Trust	Critical Conversations
Manager v Leader	Problem Solving
Coaching Conversations	Empowering Others
